

LET'S CHECK 4 & REVISION 2 - DOCKET

Do the let's check and revision exercises in your book and in the workbook. You have to do 21 of the exercises, but which order you choose is up to you! After you've finished an exercise, use the solutions to **correct your answers with your partner**. Then fill in this chart:

type	Name of the exercise	done?	number of correct answers	number of mistakes	number of blanks	HEEEEEELP!!!!
	71/1a Word power					use vocab
	71/1b Word power					use vocab
	72/1a Using suitable words		Work with your partner and decide together!			
	71/2 Airport situations					G12
	71/3 C-Test (copy the WHOLE text!)					
	72/2a Word power: Watch out! (just write down the solutions)					use vocab
	72/2b Word power: false friends (your partner corrects it!)					use vocab
	72/3 Word power: Adjectives and nouns (write down adjective + number)					
	73/4b Girls and boys in Scotland (write down number + solution)					correction on p.186
	73/5 Visitors to the Pilgrim Village (write down number + solution)					correction on p.186
	WB 52/2 Say it with gerunds					G12
	WB 54/1a Since or for					Doctor G
	WB 54/2a Forms of the present perfect					Doctor G
	WB 55/3 Present perfect simple or progressive					Doctor G
	WB 55/4 Some or any?					Doctor G
	74/6 News from Susie in Barre (write number + "a/an/the/-")					
	74/7a Visiting other countries (write down number + solution)					G12 + G13
	74/7b Visiting other countries (write full sentences)					
	75/10 Mixed bag (write down number + solution)					
	WB 56/5 Compounds with some and any					Doctor G
	WB 56/6 Special rules for some and any					Doctor G
	WB 48/5 Mediation/Listening (find 4 others and use the computer)					
	75/8 Scotland's national poet (orally: you do the first half [until "(do)"] and your partner checks with solution, then swap!)					
	75/9 Word power: New words (check if your partner knows 20 words of units 3+4, then swap!)					

Sums _____(C) _____(W) _____(B)

Now calculate: $C + W + B = \underline{T}$ (Example: You have 45 C, 24 W and 3 B = 72 T)

Then calculate: $C : T = \underline{X}$ **YOUR X:**

Your X is between	
...	
1,00 - 0,85	Perfect! You know it by heart!
0,84 - 0,70	Good job! You've only got a few mistakes!
0,69 - 0,60	You did alright, but you could be better!
0,59 - 0,50	You should try to improve yourself! You have to revise more!
0,49 - 0,00	You have to work harder! Learn the contents of unit 1+2 again! Also revise the years 6-7!
