**Useful online dictionaries:**

<http://dict.leo.org/ende?lang=de&lp=ende> (English-German, German-English)

<http://dictionary.cambridge.org/> (monolingual dictionary; helps when you want to know HOW to use a word)

**DON'T use any online translation sites! They never work and can only do worse than you!**

You will have **one** lesson in the computer room. If that is not enough, you must read through the rest of the sites on your own at home. In the next lesson you can work on your posters and presentations!

Your presentations shouldn't take longer than 10 minutes! Make sure your posters contain all the important pieces of information AND are interesting for others!
